# About ICRAAE 2023

The International Conference on Recent Advances in Applied Sciences and Engineering 2023 (ICRAAE-2023), scheduled to take place online from 22nd – 23rd December 2023, will focus on establishing associations for future practical inclinations with applied sciences, engineering, and technology. The conference has been designed to deliver outstanding outcomes and research challenges in Applied Sciences and allied fields. It intends to bring scholars, researchers, mathematicians, scientists, technocrats, industrialists, and faculty to one platform for the propagation of Multidisciplinary Research in the field of sciences and engineering with new collaborations and approaches to meet sustainable development goals. Participants will get the incredible chance to interact with leading experts from their respective fields, taking the opportunity to draw everyone commonly in a panel and to bestow their plans in different countries. On behalf of the organizing committee, we invite you to participate in this international conference.

**Last date for paper submission: October 15, 2023**

## Various Tracks

### Track 1

#### Applied Sciences Stream

- a) Nanomaterials and Technology
- b) Nano Fluids
- c) Environmental Sciences
- d) Drug Delivery
- e) Mathematical Sciences
- f) Operational Research

### Track 2

#### Engg. Sciences Stream

- a) Sensors
- b) Remote Sensing and Communications
- c) Engineering Sciences and Applications
- d) Advanced Building Materials
- e) IoT & AI
- f) Deep Learning
